"I expect my students to learn discipline, a love of music, social skills, to perform adequately, and to experience all kinds of music."

"I think that my students should use this experience in the future. It gives them the experience to know the beauty of life, because the right music adds flavor, calmness, peace, and beauty to their day. This benefits me because it keeps my blood pressure down. The experience of working wth high school students keeps me young, and being able to train them sharpens my skills as a musician."

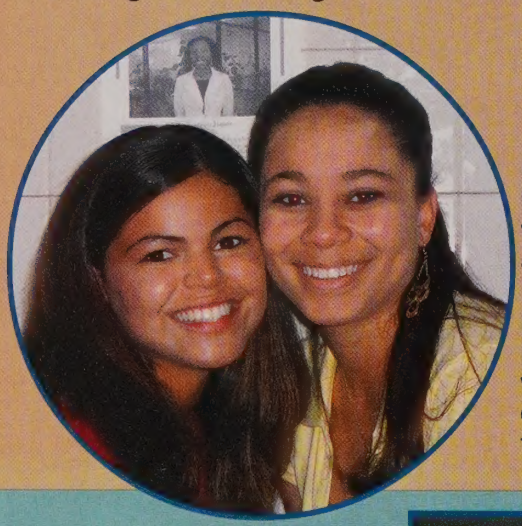
Senior Superlatives

"Best Friends Forever"

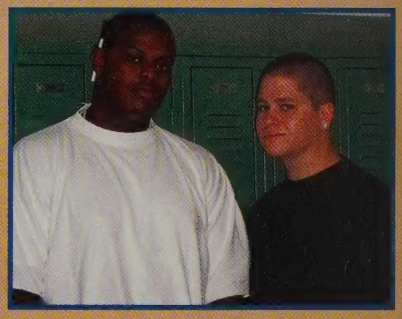
As we get older, we face a lot of obstacles and changes. It is reassuring to have someone that you know will always be there. Everyone has friends, but it is very rare to find someone to call your best friend. Those are the people that add happieness and fun to your life and never add to the stress. You can have one best friend or five, but you know that those are who to turn to when you need a little extra attention. They make you more confident and strong. Bethel High has a lot of great best friends.



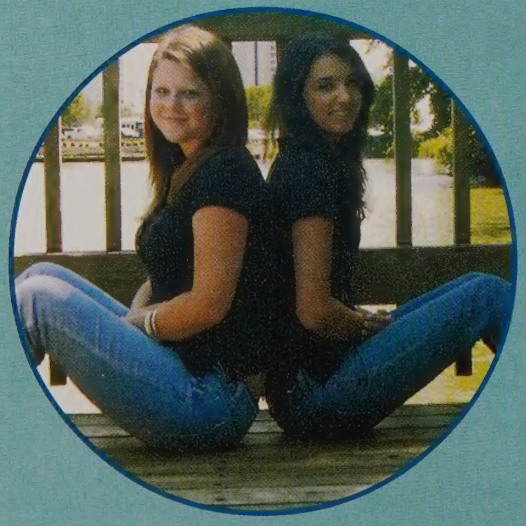
LEFT: Seniors, Melissa Brown and Kaitlyn Burroughs. "If we were not friends, we wouldn't be as confident within ourselves and feel accepted around other people. In many ways, we have grown up together and became a part of each other. We know that no matter if the world came crashing down, we still have each other. " Both of them plan on going to James Madison University together.

ABOVE: Seniors, RiShawnda Henderson and Victoria Buggs have been best friends since 7th grade. RiShawnda says,"I don't know what I would do without her, she knows me better than I do." Victoria says," She keeps me in check and always has my back. I can tell her anything and I know she won't judge me, she helps me." "We have a weird friendship, but that is what keeps us together. We don't even have to say anything. We can just look at each other and laugh forever."

RIGHT: Sophmores, Courtney, Sharnae, Jazmine, Tiffany, and Kayla have been best friends since 6th grade. "We have had so many ups and downs, but we still stayed together through it all. We made a promise to never lose touch when we graduate from high school and go off to college."

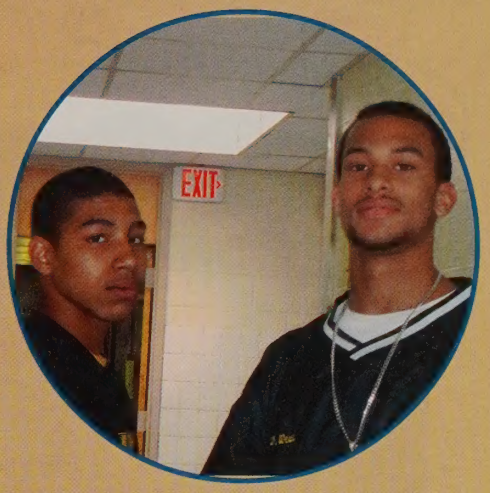


ABOVE: Seniors, Marcell Streeter and Chris McCormick have been best friends since the fifth grade. "We play Madden together everyday. It's like an afterschool tradition. We basically live at each other's house. If you see one of us, you always see the other." They plan on remaining best friends after high school because nothing can break them apart.

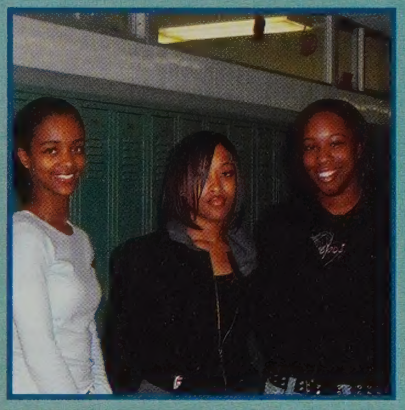


LEFT: Seniors, Brittany Crowder and Celina Drinkard have been best friends since 9th grade. "One of the best memories we have together is when we dressed up in all black, put face paint on, and snuck out of the house at 3 a.m. We decorated our friend's car with streamers and stuff for his birthday." They plan on attending the same college so they think there is a good chance they will remain best friends.

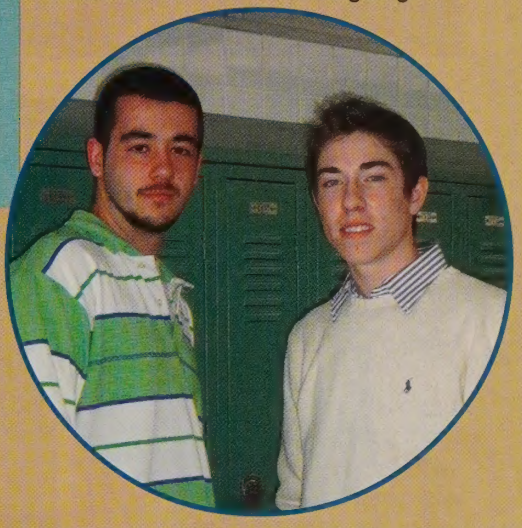
LEFT: Senior, Brittany Davis and Juniors, Brittany Hicks and Julie Pai have been best friends for six years. "If we weren't friends, we probably wouldn't be as goofy, outgoing, or as crazy as we are together. Our personalities all bring something different to the group. We have a lot in common and we always get along."



ABOVE: Sophmores, William Weaver and Marquis Jordan have been best friends for seven years. "We spend more than half of our time together. You hardly ever see us apart. We could be the same person. Our friendship has made us more fun and outgoing."

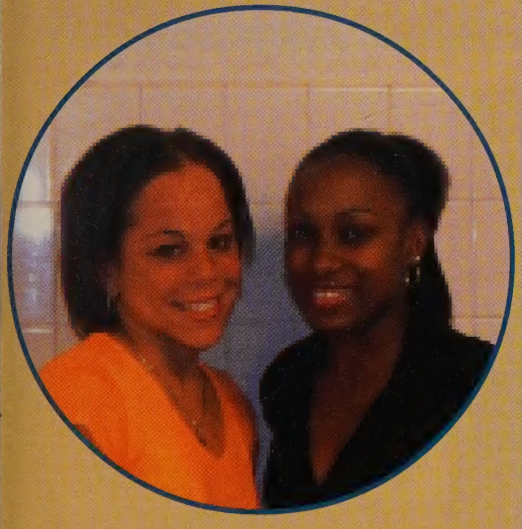


LEFT: Seniors, Kenisha Smallwood, Jerri Bracey, and Erica Davis have been best friends for four years. "The thing we are going to remember the most are all of our sleep-overs and our 3a.m. cookie party. We are always able to help each other out with our problems. We trust each other more than anyone else. We are able to talk about anything."

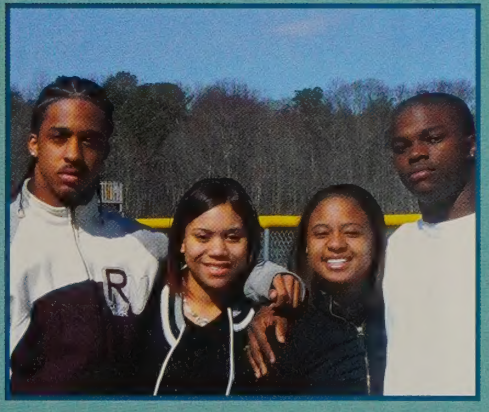


ABOVE: Seniors, Ronnie Benoche and Aaron Neely have been best friends since 6th grade. "We met playing baseball and enjoy going down to Nags Head to chill."

RIGHT: Sophmore, Desiree Ingram and Senior, Ronyell Harrison have been best friends for two years. "We go through the same problems at the same time. It's kind of weird, but it's good to have someone who understands how you feel."



LEFT: Seniors Bria Powell and and Jackie Thomas have been best friends for three years. "People always say they know we are friends because we act alike and say a lot of the same things even when we are not together." Jackie says, "She is my sister with a different mother."



RIGHT: Seniors, Robert Preston, Brandon Campbell, Erika Lewis and Shanika Morant have been best friends for seven years. Shanika says "We became best friends through rec-league sports. Erika and I cheered while Brandon and Robert played football." They said, " One of out best memories was our Senior homecoming. We hung out the whole time and had so much fun. Nobody else even mattered."

Double the Trouble

means double the power

Twins are very unique in their own way. Even though they look alike, they don't necessarily act alike, for their personalities are very different. Most of the time, one twin acts one way and the other is the total opposite. For example, Rachel Hunley is very out going while Rachelle Hunley is very quiet and shy.

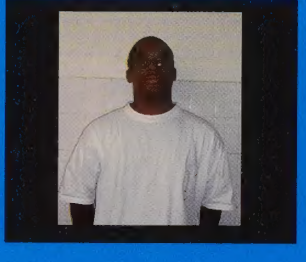
Being a twin has many advantages and disadvantages. The advantages would be getting twice as many gifts. Another advantage would be, just simply, the close relationship that you may not have with anyone else. Sometimes, twins think alike or they can tell what the other twin is thinking. (Just as if they were psychics, reading each other's minds.)

But on the bad side, there are also disadvantages of being a twin. For example, one twin might want to do something, but they aren't able to do it because both of the twins don't agree on it. But in the end they still look alike.

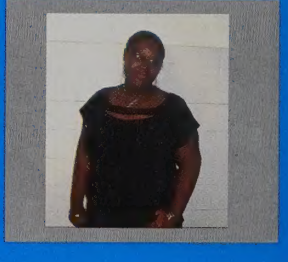
How do you feel about being a twin?

Rachelle Hunley says that she always has someone to talk to in her time of need. And they have their own language that no one else understands.

Shawneequa James says that her brother cares more about how people perceive him, but she doesn't. She loves the close relationship that they have together.

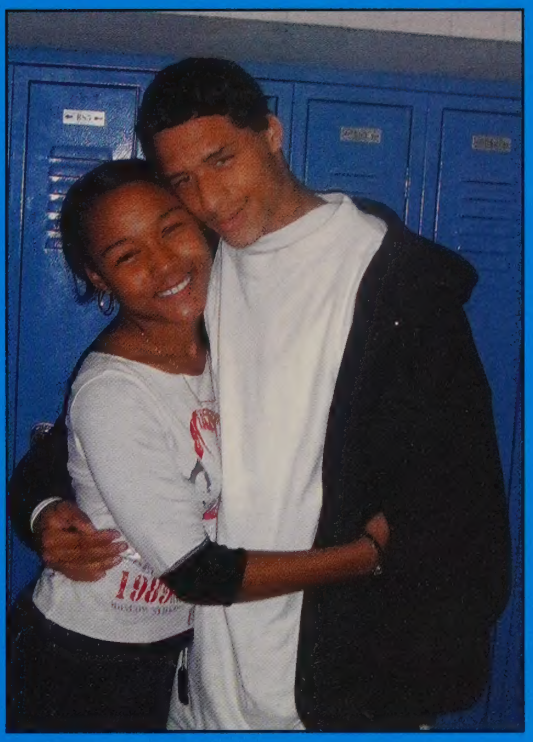


Trenton Bowe loves being a twin but he hates it when people get him mixed up with his brother and call him Tyler instead of Trent.

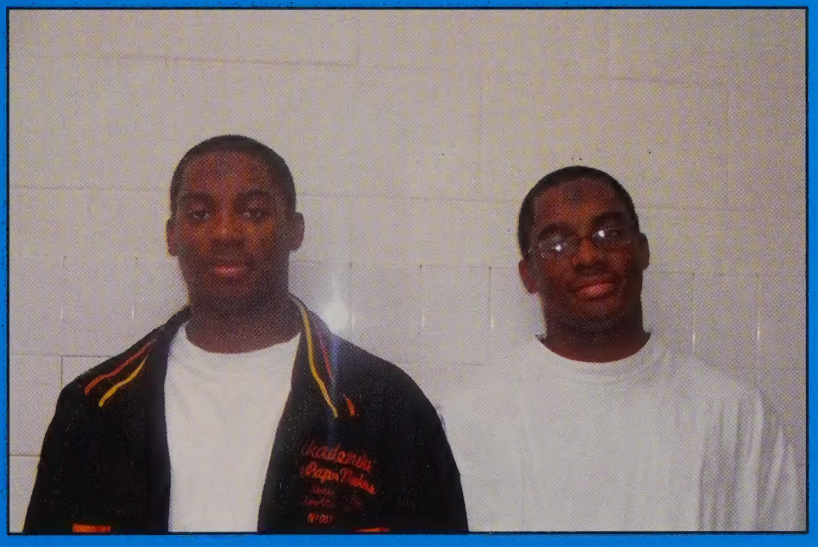


Dominique Brown says that she and her sister Dominiquetris Brown like the same things and act alike but they just don't agree with each other some of the time.

Above Dominique and Dominiquetris Brown stop for their photo for the yearbook. They say that they like most of the same things.



Shawneequa and Franklin James stop for their photo. They say that they love the close relationship that they have with each other.



Trenton and Tyler Blowe stop to pose for the camera for the yearbook. They are very outgoing and they both like to joke and play around.

Rachel and Rachelle Hunley pose for their picture in the yearbook. They say that even though they are twins they have many differences.

Heavenly Goals

There is a new face around,
Who is changing this place.
Who is this new kid?
He seems in a race.

His eager bright face,
He is barely a teen
Has an exuberant look
On what is he keen?

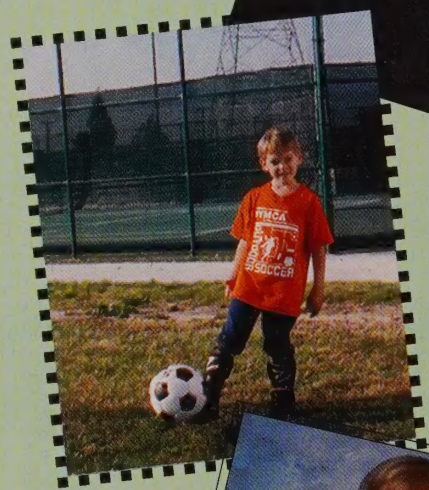
"Come play with me."
Let's kick the ball.
Don't just stand there,
Holding the wall."

The rest of us look
At the energy of him
What does he want from us?
He just now got in.

We were content with our hobbies,
Our pleasures and time,
What does he want from us?
Why is he painting these lines?

We spend all our time
Doing things at our leisure.
What does he want from us?
What gives him such pleasure?

The lines he has painted,
The teams he has set,
What does he want from us?
Why is he hanging a net?



"Let me teach you a game,
One you will play all the time,
Let me show how to play
Soccer-the game is sublime."

"I played it on earth,
Not too long ago,
I played it recently,
Seems like just moments ago."

"I used to be goalie,
I can play it still,
Oh play with me, won't you?
Do you have the will?"

"It's a great game, I know..
Let's start a league
Better yet a tournament
Don't show your fatigue."

So the heavens were changed,
By the new kid in town,
We were playing soccer,
With a ball ever so round

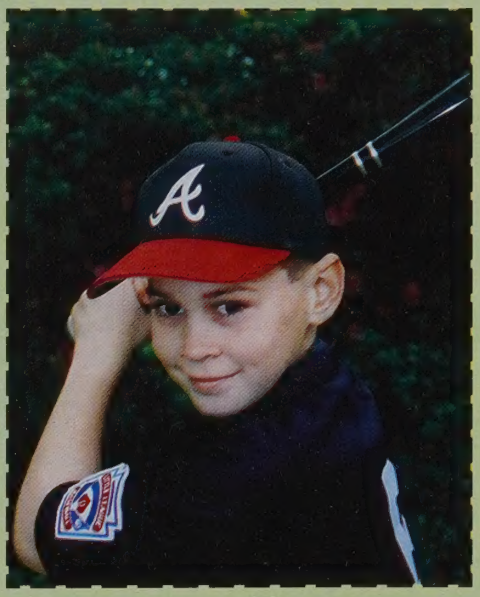
Our wings needed taping,
To keep them out of our faces,
And the sandals we wore
Replaced with cleats and their laces.

We warmed up our teams,
The goalies were set
David retrieved the ball
From out of the net.

"I died playing soccer.
I have no regrets.
I died doing what,
I really liked best."

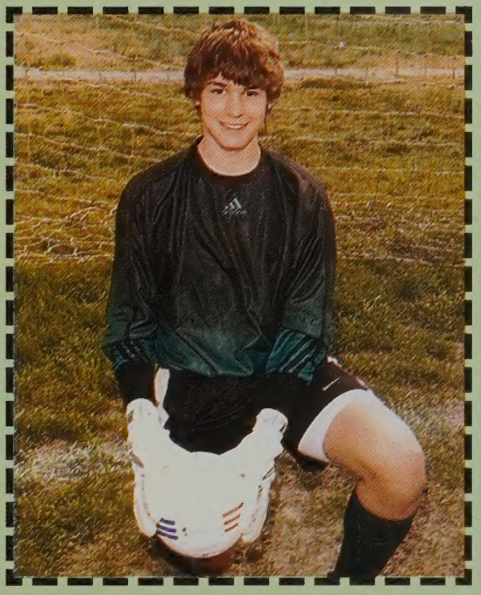
"But death will not stop,
My goal keeper role,
Death may have gotten my body,
But soccer has my soul."

"So referee St. Peter,
Blow the whistle to begin,
I can't wait to finish
The game we were in."

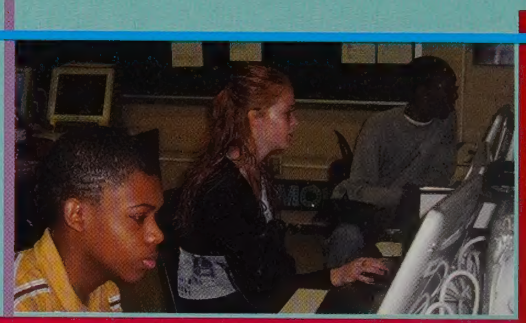


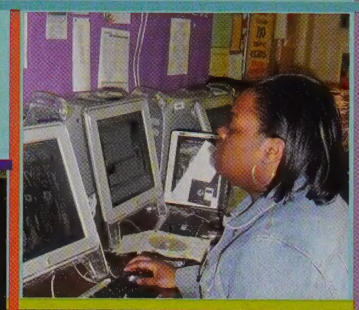
So the new noise you are hearing
From the heavenly skies
Is the roar of the crowd
As the angels run wild.

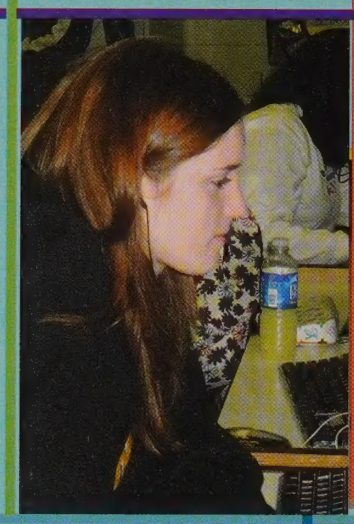
Angels are dribbling and crossing,
A corner kick and then,
We notice David is smiling,
Because he is playing soccer again.



Yearbook Staff







The yearbook staff had many challenges, however, they made it through the storm. They worked day in and day out. They even went through the tedious task of making senior superlatives and counting all the votes. They took pictures and got interviews so that readers could get to know their fellow peers.

From the creators who gave birth to a precious cocoon who blossomed into a beautiful butterfly

This is She

More precious than gold,
Stonger than words in ***bold***
Beautiful, outspoken,
She is life's token.
I've watched her sprout,
As she sees what life's about.
To know what you want
And get what you want.

That is She!

She's powerful, forthcoming,
She's stern, but very loving.
Now a woman, no longer a girl.
The Queen of her very own world.
To be the best of the best,
Never second to the rest
Is what she's strived for to get this far

That is She!

She achieved to be something
And to go somewhere
To have something with nothing to spare.
I'm proud to know her...

This is She.....Tiffany

Tiffany,

Since you were a baby, we knew there was something unique about you. You're a beautiful loving, intelligent, caring, and honest young lady. May God continue to guide your steps and illuminate your path, and give you the wisdom and strength far beyond your years. To grab hold of your dreams until you've achieved all you've envisioned. Congratulations, your family and friends are so proud of the Tiff-Nut that we watch you grow up. Many blessings to you in life.

Love you XOXO,
Mom, Dad, family and friends

Melissa,
It seems like it was just yesterday that I held you in my arms for the very first time. April 1, 1988, was one of the happiest days of my life. Who could imagine how much one little bundle could change my heart forever. You have brought so much love and happiness to our lives and so many precious memories to cherish. I remember your first day of kindergarten and you getting on the school bus for your first ride to "Big Girl School". I cried, my baby was growing up. Since that day, time has flown by so fast I can't believe it's this time already. We have had many happy times and we have weathered some rough times, too. But I wouldn't change any of them because we have you. Our mommy and daughter and your daddy and daughter dinners out will always be very special and memorable to us. That quality time we each had with you was very special. That little bundle who changed my heart 18 years ago is now graduating and entering a whole new world of her own. Melissa, our precious daughter, as you head out on your own, we want you to know we are very proud of you and the wonderful young lady you have grown to become. You're caring, loving, respectful, happy and full of life. Thank you for being the great daughter you are. Always remember how special you are and how much you are loved. You mean the world to us. Good luck in all you do in your future. You will always be our Babydoll.

Love,
Mom & Dad (Sadie & Snickers and Blackie, too)

"Our deepest fear is not that we are inadequate, our deepest fear is that we are powerful beyond measure.
It is our light, not our darkness that most frightens us. We ask ourselves, who am I to be brilliant, gorgeous, talented and fabulous? Actually, who are you not to be? You are a child of God. Your playing the small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you. We are all meant to shine, as children do. We are born to make manifest the glory of God that is within us. It is not just in some of us; it is in everyone. And as we let our light shine, we unconsiously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others".

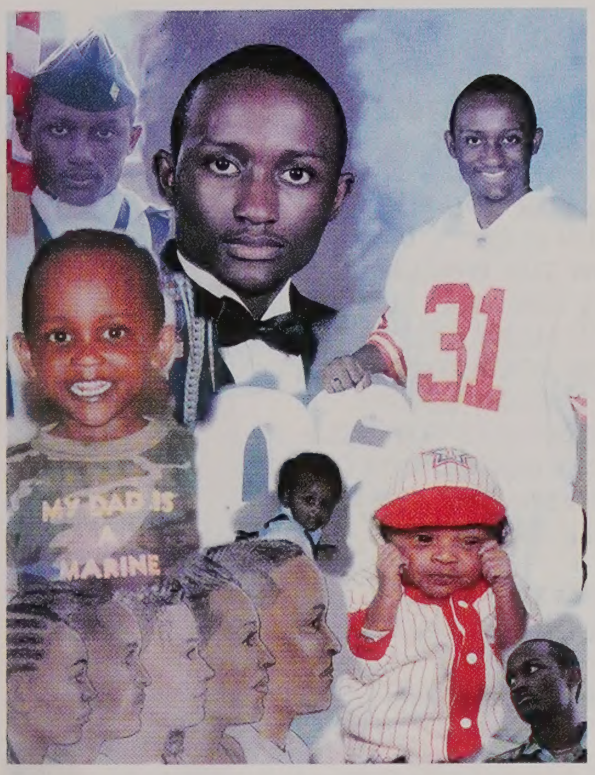
From a precious little baby boy to a handsome, witty, bright and extraordinary young man you have always made us proud! You have given us much joy and happiness! May all your dreams come true.

Love Always- Mom and Family



I have a vision of you in the arms of the lord because Gods love is your true reward

I have a memory of you as a little boy playing your heart out with your toys

I have a memory of you as a number one fan taking a last glance back at you before walking on and becoming a man

You're on a journey into time, a trip to somewhere new.
You may not always see us there, but we will be there with you

I'll answer your questions when they arise, because all I want you to do is reach beyond the skies

Remember that you're not alone - our love for you will always be shown
